for the Waste Industry

THE BLUE BOOK

- Data on council contracts
- Projected waste volumes
- Plan your infrastructure
- Technology and investment forecasts

Part I – detailed analyses and forecasts of the industry's scope, scale, economics, regulation and technologies.

Part II – detailed data on facilities, skills, services and operators in the industry.

The Australian Waste Industry and Market Report was first published in 2001 by Wright Corporate Strategy. Due in November 2007, this timely revision significantly **updates** the first edition.

It is the only thorough review and analysis of the market and industry conditions affecting waste management in Australia written by waste management professionals. This report is a comprehensive survey of the state of play in waste management.

This Industry and Market Report is essential reading and a key reference for all involved in waste management and resource recovery be they practitioner, operator, regulator, consultant, academic, investor, or supplier...

... strategic information on sectors in the industry and will equip readers with insights and ideas which they can use as inputs to corporate decisions. The report analyses market moves, and estimates of outcomes, based on a fundamental knowledge of the industry from the principals of Wright Corporate Strategy.
